

FEL FORK-TUBE LIFTER SERIES

Mobile Refuse Cart Lifter

Maximizing Route Safety & Efficiency.

Bayne Thinline Premium Lift Systems. Lifting Ergonomics To New Heights.

The Fork-Tube Lifter Series from Bayne® Thinline® Premium Lift Systems enables residential-waste pick-ups on a rural commercial-front-loader route. With Fork-Tube Series lifters, haulers can operate a single front-load truck on lengthy routes, resulting in increased productivity, and a reduction in total fleet costs. Lifters can be manually operated without requiring the installation of controls or routing of hydraulic lines, or can be pneumatically operated for added efficiency.

FEL Fork Tube Lifter Series Features:

- Handle commercial and residential pick-ups with a single truck
- Lower latches can be manually operated or pneumatically controlled
- No hydraulic tap-in required
- Does not interfere with commercial pickups
- Compatible with ANSI Type B domestic style two-bar carts
- Powder-coated finish for durability
- One-Year Limited Warranty
