Discover The Most Popular 3rd Eye® Camera Series

The 3rd Eye 150/151 Series cameras are the perfect camera for vocational fleet applications. With options like triggered lens shutters and standard IR LED for low light applications, the 150/151 series cameras are the right camera for vehicles requiring multiple camera views. With the cast aluminum bodies and 10G shock rating these cameras are built to take some punishment. For more information, contact your 3rd Eye Sales Representative.

PRODUCT SPECIFICATIONS

3rd Eye® AWT150C Camera

The **3rd Eye** AWT150C is one of our most popular cameras. Providing 150° of visibility, the AWT150C is perfect for vehicle applications where enhanced visibility is needed for alley side, side of body or tailgate views. The camera is rated at 10G for shock/vibration, comes standard with an automatic heater, and six LED lights for low light operation. The camera's built-in microphone is rated at 600 Ohms. The AWT150C comes complete with mounting bracket, sun shield, and hardware.

3rd Eye® AWT150CS Camera

The **3rd Eye** AWT150CS is the shuttered version of our popular AWT150C. Providing 150° of visibility with a triggered shutter, the AWT150CS is perfect for vehicle applications where enhanced visibility is needed for alley side, side of body or tailgate views. When triggered, the shutter opens and activates the camera, as in a reverse trigger sequence. When the vehicle resumes forward motion, the shutter closes. The camera is rated at 10G for shock/vibration and comes standard with an automatic heater and six LED lights for low light operation. The camera's built in microphone is rated at 600 ohms. The AWT150CS comes complete with mounting bracket, sun shield, and hardware.

3rd Eye® AWT151C Camera

The **3rd Eye** AWT151C is the right camera where audio output is not required. Providing 150° of visibility, the AWT151C is excellent for vehicle applications where enhanced visibility is needed for alley side, side of body or tailgate views. The camera is rated at 10G for shock/vibration and comes standard with an automatic heater and six LED lights for low light operation. The AWT151C comes complete with mounting bracket, sun shield, and hardware.
